Proposals Number: 6 – Version 2
Date: July 6, 2015
MOU Article: 2(H)
Subject: Eligibility For Salary Advancement
Proposal:

The City proposes that the Parties amend Article 2(H) to improve reading comprehension and eliminate the presumption of satisfactory performance.

MOU Language:

K. ELIGIBILITY FOR SALARY ADVANCEMENT

An employee shall normally be eligible for salary advancement within the salary range for the employee’s classification for each year of satisfactory service unless the employee’s classification only has one rate of pay. Each year of satisfactory service normally shall make an employee eligible for consideration for salary advancement within the salary range of his/her classification, except where such employee is in a class for which there is a single rate of pay. If an employee’s service is not deemed satisfactory, based on a written performance evaluation, the employee may not be eligible for consideration for salary advancement.

An employee must work a minimum of 700 600 hours within a year to receive a salary increase. If an employee works less than 700 600 hours in a year, he/she will be eligible for a salary increase on the next anniversary date that he/she has attained 700 600 hours. E.g. If an employee’s anniversary date is February 1 and she worked 500 hours in 1997 and 500 hours in 1998, she would be eligible for an increase February 1, 1999. Had she worked 700 600 hours in 1997, she would have been eligible for an increase February 1, 1998.

If an employee (who has completed one year’s service and at least 700 600 hours employment during that time) does not receive an evaluation within 60 days after his/her anniversary date and the employee is scheduled for a step increase, the evaluation for said year shall be considered satisfactory and any the step increase due will be paid provided to the employee retroactively to his/her anniversary date.

Nothing in this section shall be construed as limiting the authority of the City Manager to increase, make no change in, or reduce the salary of any employee in the bargaining unit within the currently approved salary range classified service for good or sufficient cause.
Proposals Number:  7 – Version 2
Date:            July 6, 2015
MOU Article: 2(I)
Subject: Performance Evaluations
Proposal:
The City proposes that the Parties amend Article 2(I) to reflect the fact that an employee’s anniversary date may change during their employment.

MOU Language:

L. PERFORMANCE EVALUATIONS

Each employee in Group I and employees in Group II who work at least 700 600 hours within a year, shall receive a written performance evaluation annually on or about his/her anniversary date. The anniversary date is the date an employee was hired, or last promoted. An employee’s anniversary date may change during employment for various reasons. Evaluations are due on or about the employee’s current anniversary date.

Performance evaluations serve to 1) memorialize an employee’s performance and behavior during the rating period, 2) identify and/or remind the employee about necessary performance and/or behavioral areas for improvement and 3) offer suggested means to improve. In short, evaluations both record and teach. Both parties prefer to have supervisors provide this feedback to employees in a verbal and/or written manner on an as-needed basis during the rating period, culminating in a written performance evaluation. Supervisors may document their interactions with employees to provide this feedback. Evaluations must be factual. Evaluations should not falsely portray an employee’s performance and/or behavior positive or negative.
Proposals Number: 8
Date: May 9, 2014
MOU Article: 2(J)
Subject: Demotion

Proposition:
The City proposes that the Parties amend Article 2(J) to provide flexibility to the City to determine a demoted employee’s compensation within the existing salary range for the employee’s new classification.

MOU Language:

M. DEMOTION

The City shall determine an employee’s new rate of compensation within the salary range for the employee’s new classification to be paid in all cases of demotion, whether (voluntary, or disciplinary, or in lieu of layoff aka bumping), shall be a salary step which falls within the new, lower, salary range. Such salary step will be at the step closest to the employee's current salary within the lower range, that does not exceed the employee's current salary.
MOU Article: 3(A)(1)

Subject: Medical Plans

Proposal:

The City proposes that the Parties amend Article 3(A)(1) to update the language to reflect the current medical benefit program. The City is willing to submit these proposed changes to the clean-up committee which shall address the same article in the full time employee MOU.

MOU Language:

A. INSURANCE

1. Medical Plans

a. No later than two months after employees in Group I are selected, the City shall contract with the California Public Employees' Retirement System (PERS) Health Benefits Program to provide medical insurance for all active employees, retirees and eligible survivors of retirees in Group I. Eligibility of retirees and survivors of retirees to participate in this program shall be in accordance with the regulations promulgated by PERS. Unless prohibited by PERS or by law, the health plan coverage described herein shall apply to persons retired.

b. The City shall pay $20.00 per month to PERS on behalf of each active employee. In the event PERS requires a minimum employer payment in excess of $20.00 per month, the City and Local 1021 shall meet and confer regarding payment of such additional amounts during the term of this agreement. The City shall pay $2.00 per month on behalf of each eligible retired employee or eligible survivor of a retired employee who subscribes with PERS for coverage. This amount on behalf of retirees or their eligible survivors shall be increased annually, at the current minimum rate of 5% required by PERS regulations, until it reaches the amount ($20.00) contributed on behalf of each active employee. In the event PERS requires an additional minimum employer payment for retirees in excess of $2.00 per month, the City and Local 1021 will meet and confer regarding payment of such additional amounts during the term of this agreement.
c. Active employees medical benefit account: In addition to the contributions listed above the City shall establish a benefits account for each active employee in Group I eligible for medical coverage who has enrolled in one of the PERS medical insurance plans offered by the City. All such employees shall receive monthly contributions from the City into their benefits account. Payment shall be sufficient to cover the premium of the Kaiser North medical plan less $20.00, or any other less expensive medical plan included in PERS. For the term of this Agreement only, should the premium for the Kaiser North medical plan change, the City shall change the dollar amount to be paid toward this benefit by the same amount as the premium change. If any employee chooses a plan more expensive than the Kaiser North plan, the City contribution shall be no more than the Kaiser North premium, less $20.00, at the appropriate single, two-party or family rate, and the excess premium cost shall be paid by the employee.

d. Cafeteria Option: Bargaining unit members who opt not to use the above medical insurance, and who can document to the City's satisfaction that he/she has group health insurance benefits through a spouse's plan or through another source shall receive a credit of $200 ($150 if not eligible for dependent coverage) a month. This option is available upon initial employment and at the annual insurance benefits "open period." In the event alternative coverage is lost, after January 1, 1998, the City will allow immediate reinstatement to the City's health plan as described in the preceding paragraphs.

e. The City shall not treat the City contributions of $20.00 or the premium Employee Benefit Account as compensation subject to income tax withholding unless the Internal Revenue Service or the Franchise Tax board indicates that such contributions are taxable income subject to withholding. Each employee shall be solely and personally responsible for any federal, state, or local tax liability or penalty that may arise out of the implementation of this section.
g. Employees shall have the right to inform the City of an increase in their dependents at any time and have the amount contributed be adjusted accordingly, in accordance with PERS or the insurance carrier's rules. Employees shall be required to inform the City within thirty days that any family member is no longer a dependent of any reduction in dependents and the City shall correspondingly reduce its premium contribution, the corresponding reduction in premium amounts contributed by the City shall be made.

h. Retired Employees: Effective upon eligibility for PERS retirement, Group Picture will receive a monthly payment of $244 for retirees without dependents at the time of retirement or $304 if the retiree has one or more dependents at the time of retirement. This amount is subject to the eligibility requirements set forth above. When a retiree or dependent becomes eligible for Medicare benefits, the monthly payments shall be $102 and $204 respectively. When the insurance premium is less than one of the agreed dollar amounts, the City will pay 100% of the retiree's premium. Retirees shall be responsible for notifying the City of their eligibility for Medicare within 30 days of such eligibility. If such status is not reported, the retiree shall be liable for refunding the excess amounts received.

Employees may receive the above dollar amounts towards a non-PERS health plan provided, the non-PERS health plan is selected at the same time that an employee drops a PERS health plan. Once such a selection is made, the retiree may not opt back into a PERS health plan. When a retiree has dropped health coverage, the retiree cannot request the City to resume paying towards premiums at a later date.
i. After the first year of this agreement, and on each succeeding anniversary, the monthly payment to the retirees in Section h. (above) shall be reduced by $1.00 monthly, until the monthly reduction reaches $20.00.

j. To be eligible for the benefits of this section, the retiree must (1) retire on or after the implementation of this section and within 120 days of separation from the City payroll, and (2) be enrolled in a PERS medical plan offered by the City at the time of separation and thereafter, and (3) meet the following service and age requirements:

Employees who retire on a PERS approved disability and have 10 years of service with the City shall also be eligible for City reimbursement towards medical benefits as described in h. above.

The parties will reopen this MOU on July 1, 2007, to meet and confer solely on the issue of retiree health (Article III, Section A1, paragraph h).

k. The payment for retirees set forth above shall be made monthly from the date of retirement until the retiree ceases to participate in the PERS Medical program, with the exception that if the retiree goes from having one or more dependents to having no dependents, the City's contribution shall be reduced accordingly or the corresponding decrease will be made if he/she becomes Medicare eligible. If the retiree fails to report the change in status to the City within 30 days of its occurrence, he/she shall be liable for refunding the excess amounts received.
1. If a retiree qualifying for benefits above is survived by a spouse who qualifies as an annuitant (i.e., is continuing to receive a pension from PERS or the City) said surviving spouse shall receive all the benefits described above and be subject to the same administrative procedures.

Proposals Number: 15
Date: May 9, 2014
MOU Article: 3(B)(4)
Subject: Family and Medical Care Leave

Proposal:

The City proposes that the Parties work to delete Article 3(B)(4) and replace it with a City-wide policy addressing legal family leave issues.

MOU Language:

4. Family and Medical Care Leave. Pursuant to State and Federal law, the City will provide family and medical care leave for eligible employees. Family and medical care leave entitles an employee to up to 12 weeks of continuation of health, dental and vision benefits in a 12 month period. Family and medical leave may be taken for any of the following reasons: the birth, adoption, or placement of a child for foster care in the employee’s home; the serious illness of the employee; or the serious illness of a spouse, child, or parent.

The following provisions set forth unit members’ rights and obligations with respect to such leave. Rights and obligations which are not specifically set forth below are set forth in the Department of Labor regulations implementing the Federal Family and Medical Leave Act of 1993 (FMLA) and the regulations of the California Fair Employment and Housing Commission implementing the California Family Rights Act (CFRA). Unless otherwise provided by this section, "leave" under this section shall mean leave pursuant to the FMLA and the CFRA.

a. Amount of leave; eligible members are entitled to a total of 12 workweeks of leave during any 12 month period. A member's entitlement to leave for the birth or placement of a child for adoption or foster care expires 12 months after the birth or placement. If both parents work for the City, they may use a total of 12 workweeks of leave, between them, for the birth or adoption of a child.

The 12 month period for calculating leave entitlement will be a "rolling period" measured backward from the date leave is taken and continues with each additional leave day taken. Thus, whenever a member requests leave under this provision, the City will look back over the previous 12 month period to determine how much leave has already been used under this provision and determine the balance available.
b. Use of other accrued leaves while on leave; if a member requests leave for his/her own serious health condition, the member must also exhaust sick leave concurrently with the leave.

c. While the City recognizes that emergencies arise which may require employees to request immediate leave, employees are required to give as much notice as possible of their need for leave. If leave is foreseeable, at least 30 days notice is required. In addition, if an employee knows that he/she will need leave in the future, but does not know the exact date(s) (eg. for the birth of a child or to take care of a newborn), the employee shall inform his/her supervisor as soon as possible that such leave will be needed.

If the City determines that an employee's notice is inadequate or the employee knew about the requested leave in advance of the request, the City may delay the granting of the leave until it can, in its discretion adequately cover the position with a substitute.

d. During the term of this Agreement, the City may negotiate with SEIU Local 1021 to develop a policy which if mutually agreed upon shall replace this Article III, Section B(4).

The City proposes that the Parties amend Article 3(B)(7) to 1) clarify the employee’s right to pay during a military leave and 2) clarify the employee’s right to use vacation leave during a military leave.

MOU Language:

7. Military Leave

Military leave shall be granted in accordance with the provisions of applicable law California State Law. All employees entitled to and taking military leave shall give the department head the right within the limits of military necessity and regulations to determine when such leave shall be taken.

If the employee applies to the Public Employee retirement System for PERS credit, and is approved, the City will make the necessary contributions as if the employee had been receiving full City paid salary while on extended active duty, for a period of up to twelve months.

In the event of extended military leave longer than twelve months, an employee may use accrued vacation on a pro-rated basis to make up the difference between military pay and the employee’s base pay. MOU Article: 3(B)(8)
Subject: Vacation Leave

Proposal:
The City proposes that the Parties amend Article 3(B)(8) to update the reading comprehension of the section and amend out-of-date language.

MOU Language:
8. Vacation Leave
   a. Employees in Group I and II, A shall accrue vacation leave on a prorated basis, be entitled to annual vacation, to be prorated accordingly.
   b. Rate at Which Vacation Leave Shall Accrue for Full-Time Employees:
      The authorized annual vacation leave for full-time employees shall be
      
      | WORKING DAYS | YEARS OF SERVICE |
      |--------------|-----------------|
      | 10           | 1.3             |
      | 15           | 4.14            |
      | 20           | 5.22            |
      | 25           | 6.29            |
      | 30           | 7.30 thereafter |
      
e. Rate at Which Vacation Leave Shall Accrue for Other Than Full-Time Employees.
(1) Each employee in Groups I and II-A shall be entitled to accrue pro-rated vacation leave after thirty (30) days of employment based upon the following rates:

Group I working 30 or more hours per week, accrual at 80% of Full-Time rate.

Group I working 25 but less than 30 hours per week, accrual at 66.7% of Full-Time rate.

Group II-A, accrual at 40% of Full-Time Rate

Employees in Groups I and II-A may utilize their accrued vacation after one year of employment.

(2) In the event that an employee accruing vacation changes from Group I to Group II-A, the accrual rate shall change to 40%. In the event that an employee changes to Group II-B or III, vacation accrual will stop on the effective date of the change. Any vacation accrual balance left at that time will not be lost but will remain available for use until the balance is exhausted.

(3) A part-time worker who converts to full-time (without a break in service) would continue to accrue vacation at the same rate he/she has at the time of entry into full-time work. This accrual rate, and the date for increased allotment, is determined by the number of calendar years when an employee has worked 1,200 hours or more. These years of service do not have to be successive.

c. Limitation on Vacation During First Year of Service.

Each employee eligible for vacation accrual normally must have served one (1) year continuously in order to be eligible to take vacation leave. However, an employee may use vacation after six months of continuous service if approved by the City. When unusual needs exist and after proper formal approval has been obtained, the employee, after six (6) months of continuous service, may be permitted to take accumulated vacation.

d. Other Limitations on Vacation Leave and Accumulation of Vacation Leave.

(1) An employee shall cease accumulating vacation leave when she/he reaches a maximum amount as listed below.
<table>
<thead>
<tr>
<th>Years of Service</th>
<th>Maximum Accrual</th>
</tr>

<tr>
<td>1-3</td>

</tr>
<tr>
<td>23-29</td>

</tr>
<tr>
<td>30+</td>
<td>60 working days</td>
</tr>
</tbody>
</table>

The Employee vacation leave balances appear on each pay check, shall be alerted when he/she is approaching the maximum, so that vacation leave may be scheduled by the employee and his/her supervisor.

(2) No employee shall take more than the equivalent of one (1) annual vacation period in any one calendar year, except with the advance approval of the department head.

(3) Vacation which was deferred at the request or order of the department head and approved by the City Manager is excluded from the preceding provisions of this section. Requests for deferring vacation must be presented to the City Manager before October 30 of any calendar year.

e. Time at Which Vacation Leave Shall be Taken.

The times at which an employee shall take his/her vacation leave during the calendar year shall be determined by the department head with due regard for the wishes of the employee and particular regard for the needs of the service. Employees must request advance approval for vacation leave at least 48 hours in advance of the proposed date. A supervisor/manager shall approve or deny an employee's vacation request within 48 hours, or in an emergency situation, within 24 hours. Failure to respond within 48 workweek days is inappropriate but does not render the vacation request automatically approved. Emergency vacation leave may be taken up to four times per calendar year without requesting advance approval.

At the beginning of each calendar year, employees may request in writing the dates they wish to utilize vacation leave during that year.
During the months of January through March of each year, vacation requests shall be approved on the basis of seniority, provided that the supervisor may turn down a request if not enough skilled or certified employees would be available on a certain date. After March 31 of each year, vacation requests will be honored on a first come first served basis, while still ensuring that enough skilled or certified employees are available each day. However, the department head must insure that each employee uses his/her vacation leave within the calendar year unless that employee requests and obtains deferment under the preceding provisions of this section.

f. Effect of Extended Military Leave on Vacation Leave.

For the purpose of determining length of service, time spent on military leave from City service shall be counted as time spent in the service of the City.

g. Vacation Amounts at Termination of Active Employment.

Following termination of active employment from whatever cause, the City shall pay to the employee or to the estate such vacation as was due to the employee at termination.

h. Vacation Usage.

The City will permit employees to use vacation accruals in hourly increments.
